Semester Project

Group Member Evaluation Form

Overview

This form provides you with the opportunity to evaluate the performance of each of your group members after each milestone is completed.

I expect each member of your group to contribute to the product. Working in groups allows you to learn about the process involved in collaborating on an assignment/project. This is important because many professional settings require group work, and, in a work setting, lack of performance on a group project may have long-lasting effects.

NOTE: This is NOT the only form of evaluation for group work. I will also assess your group work from the rubrics associated with this project. Only a fraction of the final grade may be impacted by group member evaluations.

Complete the following table to provide feedback on you and your group members' performance on the group project. Please be sure to provide feedback that is objective, fair, and professional.

Use the following scale to answer questions 1 through 5: 1 = Poor: did practically nothing, 2 = Fair: did as little as possible, 3 = Average: about the right amount, 4 = Good: performance was better than average, 5 = Excellent: Superior performance

Questions	Self	Ryan Horwitz	Harris Khan	Christopher Luzzi	Konan Kouame
1. LEVEL of effort toward the project	5	5	5	5	5
2. QUALITY of the effort	5	5	5	5	5
3. INPUT contributed	5	5	5	5	5
4. Level of COOPERATION	5	5	5	5	5
5. Level of POSITIVE IMPACT on the project	5	5	5	5	5
6. QUALITY of the MATERIALS contributed	5	5	5	5	5
Level of PARTICIPATION 1=Rarely, 2=Some of the time, 3=Half of the time, 4=Most of the time, 5=Always	5	5	5	5	5
Meets DEADLINES 1=Rarely, 2=Some of the time, 3=Half of the time, 4=Most of the time, 5=Always	5	5	5	5	5
OVERALL CONTRIBUTIONS to the project 1=Significantly below average, 2=Slightly below average, 3=Average, 4 =Slightly above average, 5=Significantly above average	5	5	5	5	5
Total points (9=lowest value, 45=highest value)	45	45	45	45	45
If you assigned a numerical grade for overall work, what would it be? (73=Their work was a low C, 87=Their work was a high B, 95=Their work was a solid A)	95	95	95	95	95
